ISSF WORLD CUP
Rifle / Pistol / Shotgun
Cairo, EGY
24 JAN – 01 FEB 2024

Rifle / Pistol Equipment Control

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control for checking before the competition. All athletes are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

Rifle Clothing

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace registered jacket or trousers with a new clothing item must bring that item to Equipment Control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated, and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified, but a written warning must be given to the athlete and the ISSF seal must be cut off. The athlete can continue using this clothing for that day in that event. If two or more panels fail, the athlete must be disqualified (DSQ).

Air or CO₂ Cylinders

It is the athlete's responsibility to ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control.

Shotgun Equipment / Control

Equipment Control will be conducted according to the ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment or/and clothing to the Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to being selected for random testing during the competition. Athletes found to be in violation of the rules for shotguns or skeet marker tapes will be disqualified, as per rules.

All skeet athletes must have an ISSF seal with serial number on the marker tapes of their shooting vests. Any shooting vests that do not have an ISSF seal on the marker tapes must be inspected by the Equipment Control/Shotgun Jury and the necessary seal must be affixed before the competition.

Cartridge Controls

During Qualification, athletes whose cartridges are to be tested are selected by a computer draw. Between 10% and 18% of the athletes participating in an event will be selected for cartridge testing. Two

(2) plus four (4) cartridges will be selected from each athlete and placed in separate labeled envelopes. The two (2) cartridges must be tested, first. If the pellet weight of both cartridges is 24.50 g or less each, no further action will be taken. If the pellet weight of one (1) or both cartridges is more than 24.50g each, then the four (4) cartridges in the second envelope must be also tested. If the average pellet weight of the six (6) cartridges is more than 24.50 g, then the athlete must be disqualified (DSQ), in accordance with Rule 9.4.3.1 (a).

Colored Wads

Only transparent or translucent wads with no color may be used. During Finals, all eight (8) finalists will be tested using the same procedure. The Finalists or their Coaches/Officials must bring, as early as possible, but not later than 30 minutes before the scheduled start of the Final (Reporting Time), all the cartridges that will be used during the Finals and place them in separate Cartridge Control Boxes on the Finals predesignated reporting area. The Finalists must report at least 15 minutes before the start of the Final. If an athlete's cartridges or if an athlete does not report on time, then penalties will be imposed as per ISSF Rules. The Equipment Control Jury will take the necessary samples from the boxes, and the boxes will be sealed. The boxes must be left under the supervision of the Equipment Control/Shotgun Jury Member at the reporting area. Once ammunition is placed in the box and sealed, only the Equipment Control/Shotgun Jury or the Finalist can remove ammunition from the box. No additional cartridges are brought to a Finalist during Finals. All cartridge controls must be completed before the start of the Presentation of the Finalists. Any disqualified (DSQ) athlete will not be allowed to participate in the Finals and will take the lower place, in the finalists ranking. The same procedures as in the individual events will be followed also for the Mixed Team events.

4. Participation

Individual Events:

Each ISSF Member Federation can enter a maximum of five (5) athletes in individual events but only three (3) of them can be registered to compete for the medals. The other two (2) can only compete for the Ranking Points (RPO), according to the ISSF General Regulations.

Mixed Team Events:

ISSF Member Federations may enter a maximum of two (2) teams consisting of one (1) man and one (1) woman per mixed team event.

ISSF ID Number

All athletes must sign an "Athlete's Declaration" and have an official ISSF ID number issued before participation in the ISSF World Cup. Athletes without ISSF ID number will not be allowed to participate. ISSF ID numbers can be obtained from the ISSF Headquarters by using the official application form.

NO Quota Places for the 2024 Olympic Games Paris (FRA) will be awarded but ranking points will be recognized for Paris, as per ISSF Rules.

Maximum Entry

The maximum number of starts per event is the number of athlete entries that can be accepted for each
